Page one contains contact information, checklists of required medical tests, attestation by the diver and approval by the NOAA DMO. Pages 2-3 are the diver's self-reported medical history. Examiner, please review pages 1-3, summarize the diver's medical condition, and then fill out items 88 and 89, "Examiner Review". Pages 4-6 contain the results of the medical exam and tests, as well as the signature of the medical professional conducting the exam. The Examiner must be either a Medical Doctor (MD), Doctor of Osteopathy (DO), Nurse Practitioner (NP), or Physician's Assistant (PA). Submission instructions are on the final page. All tests must be completed within the last 12 months, unless otherwise indicated in the checklist below. I acknowledge that it is my responsibility to notify the NOAA Diving Medical Officer of any medical condition, illness, injury, medical treatments, and/or surgeries, or any changes to the above, as they occur. I acknowledge it is my responsibility to also notify my UDS and the DM/LD of any conditions or restrictions that will affect my diving on any given day. Failure to do so could compromise the mission and endanger myself or my fellow divers. I certify that the attached medical information in the package is complete and true to the best of my knowledge: APPLICANT NAME APPLICANT SIGNATURE DATE NOAA DIVING OFFICER APPROVAL

Final determination of the diver's medical suitability for NOAA diving will be made by the NOAA Diving Medical Officer.								
I have reviewed the attached medical information and have found the applicant named above to be:

Instructions to the Examiner:									
The person requesting this physical examination is an applicant for training or currently participates in diving activities with self-contained									

The person requesting this physical examination is an applicant for training or currently participates in diving activities with self-contained underwater breathing apparatus (SCUBA) or other similar equipment. Your opinion of the applicant's medical fitness for diving is requested. The Medical History and Physical Examination forms focus on conditions that may put a diver at increased risk for injuries or other conditions that could lead to decompression sickness (DCS) or drowning. The diver must be able to withstand some degree of cold stress, high pressures of up to six (6) atmospheres, the physiologic effects of immersion, the optical effects of water, and have sufficient physical and mental reserves to deal with underwater emergencies. Final determination for fitness for diving will be made by the NOAA Diving Program.

The Examiner should review pages 2-3, complete fields 88 and 89 on page 3, complete a comprehensive physical examination of the diver, and complete this page and all following pages. All tests and examinations must be completed in the last 12 months (except for the chest X-ray, which should be completed within the last 24 months). The additional tests that must be completed are on page 1 of this form. If you conduct other laboratory tests or diagnostic studies as part of this physical examination, include copies of these results with the submission of the other required documentation. Submission instructions for this form and all test results are on the last page of this form.

For questions, please contact the NOAA Diving Medical Officer at (206) 526-6474.

PRA Public Burden Statement

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0648-XXXX. Without this approval, we could not conduct this information collection. Public reporting for this information collection is estimated to be approximately 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. All responses to this information collection are required to obtain benefits. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to the NOAA Diving Center Executive Officer, NOAA Diving Program, 7600 Sand Point Way NE, Building 8, Seattle, WA 98115, 206-526-6460.

Privacy Act Statement

Authority: The collection of this information is authorized under 29 CFR 1910, Subpart T, Commercial Diving Operations. Additional authorities include 29 U.S.C. 653, 655, 657; 40 U.S.C. 333; 33 U.S.C. 941; Secretary of Labor's Order No. 8-76 (41 FR 25059), 9-83 (48 FR 35736), 1-90 (55 FR 9033), 6-96 (62 FR 111), 3-2000 (65 FR 50017), 5-2002 (67 FR 65008), 5-2007 (72 FR 31160), or 4-2010 (75 FR 55355) as applicable, and 29 CFR 1911.

Purpose: NOAA is collecting this information to assess an individual's medical fitness to dive, proficiency, and further training. Information will also be used to ensure diving equipment is safe and well maintained and that all policies are being adhered to for safety reasons. Aggregate data is used for annual reports and other leadership documents.

Routine Uses: NOAA will use this information in the determination of an individual's medical fitness to dive. Disclosure of this information is permitted under the Privacy Act of 1974 (5 U.S.C. Section 552a) to be shared among Department staff for work-related purposes. Disclosure of this information is also subject to all of the published routine uses as identified in the Privacy Act System of Records Notice NOAA-10, NOAA Diving Program.

Disclosure: Furnishing this information is voluntary. However, the failure to provide complete and accurate information will exclude the individual from NOAA's Diving Program.
